ENVIRONMENTAL COVENANT

THIS PROPERTY IS SUBJECT TO AN ENVIRONMENTAL COVENANT GRANTING ACCESS AND IMPOSING ACTIVITY AND USE LIMITATIONS PURSUANT TO THE UNIFORM ENVIRONMENTAL COVENANTS ACT, IDAHO CODE § 55-3001, et seq.

This instrument is an Environmental Covenant executed by Bielec Enterprises Inc. (hereinafter "Grantor"), the United States Environmental Protection Agency ("EPA"), the Idaho Department of Environmental Quality ("Department") and City of Smelterville) ("Holder") pursuant to Idaho law including but not limited to the Uniform Environmental Covenants Act, Idaho Code §§ 55-3001 through 3015.

Property. This Environmental Covenant concerns a part of real property located in a portion of Government Lot 1, Section 3, Township 48 North, Range 2 East, Boise Meridian, Shoshone County, Idaho (hereafter referred to as "the Property"). The subject property is also known as Tax Parcel 48N02E030320 A as shown on Instrument No. 464715. The portion of the Property that is affected by this Environmental Covenant is legally described in the attached Exhibit A. Grantor hereby represents and warrants to the other signatories to this instrument that he/she is the sole owner of the Property as of the date this instrument is executed, holds fee simple title to the Property, and has the power and authority to enter into this instrument.

Reason for Activity and Use Limitations. Historic mining activity in the Coeur d'Alene Basin (hereinafter "Basin") has left residual contamination throughout the communities and flood plains of the Basin. Pursuant to CERCLA, EPA and the Department have been implementing remedies throughout the Basin designed to protect human health and the environment. Certain aspects of these remedies are threatened by the potential for recontamination due to uncontrolled flooding. During these events, contaminated sediments from un-remediated areas may be deposited in already cleaned properties necessitating further remedial actions. This instrument is necessary because the EPA and/or the Department have implemented remedy protection measures on the Property which are intended to protect implemented remedies on the Property or other parcels of property in the vicinity. This instrument ensures EPA and the Department necessary access and requires that activities on the Property protect and do not interfere with remedy protection features on the Property that have been implemented.

Name and Location of Administrative Record. A copy of the administrative record for EPA decision-making at the Bunker Hill Mining and Metallurgical Complex Superfund Site (which includes the Property) can be found at the Molstead Library, North Idaho College, 1000 Garden

Avenue, Coeur d'Alene 83814 or Superfund Records Center, EPA Region 10, 1200 Sixth Avenue (Suite 900), Seattle, Washington 98101.

Access and Activity and Use Limitations. By acceptance and recordation of this Environmental Covenant, Grantor and any successor in interest with respect to the Property, are hereby restricted from using the Property, or any portion thereof, now or at any time in the future, as specifically set forth below unless such use has been expressly approved in writing by the Department:

- 1. Access.** A right of access is granted to the Department and EPA, their respective contractors and third parties authorized by them for the purpose of the remedy protection work, and as necessary to ensure continued maintenance and repair of the work, as described in Exhibit "C" together with all necessary fixtures and appurtenances "facilities" on, over, across and under the Property described in Exhibit "A" at the location shown on Exhibit "B". Holder, its contractors and third parties authorized by it shall have a perpetual right of access necessary to perform maintenance and repair of facilities constructed under this agreement.
- 2. Activity and Use Limitations.** By acceptance and recordation of this instrument, Grantor, and any successors in interest with respect to the Property, are hereby restricted from using the Property, or any portion thereof, now or at any time in the future, in a manner that will materially interfere with or adversely affect the integrity or protectiveness of the remedy protection measures taken on the Property and as described in Exhibit C, unless such use has been expressly approved in writing by the Department.

Grantor's Use of the Property. Except as provided herein, Grantor reserves the right to the use and enjoyment of the Property subject to this Environmental Covenant, but such use shall not conflict or interfere with the Department's, EPA's or the Holder's rights herein granted.

Duration, Amendment and/or Termination by Consent. This Environmental Covenant shall be perpetual and may only be amended or terminated pursuant to Idaho Code §§ 55-3009 and 3010. Except for an assignment undertaken pursuant to a governmental reorganization, assignment of the Environmental Covenant to a new Holder is an amendment requiring consent.

Recording/Filing. This Environmental Covenant, once fully executed, and any amendment or termination of the Environmental Covenant, shall be recorded for the Grantee by the Department in the county recorder's office of every county in which any portion of the Property subject to the Easement and Environmental Covenant is located. Upon receipt of the copy of the recorded Easement and Environmental Covenant, and any amendment or termination therein, the Department shall post the copy of the fully executed instrument in the Registry as required by Idaho Code § 55-3012(1).

Partial Invalidity. If any portion of this Environmental Covenant or terms set forth herein is determined to be invalid for any reason, the remaining portion shall remain in full force and effect as if such invalidated portion had not been included herein.

No Third-Party Beneficiaries. There are no intended third-party beneficiaries, and the parties hereto expressly disclaim any unintended third-party beneficiaries to this Environmental Covenant or any part hereof.

Effective Date. The effective date of this instrument shall be the date the fully executed Environmental Covenant is recorded at the county recorder's office.

Legal Description by Hodge & Associates, Inc.

An environmental covenant and an access agreement for construction and maintenance purposes

(Property Reference 1J)

An environmental covenant and an access agreement for construction and maintenance purposes, being located in a portion of Government Lot 1, Section 3, Township 48 North, Range 2 East, of the Boise Meridian, City of Smelterville, Shoshone County, Idaho, and being more particularly described as follows:

Beginning at the Northeast Corner of that certain parcel of land described in Special Warranty Deed, Instrument #464715, being the Southwest Corner of the intersection of "F" Street with Hill Street as shown on Record of Survey for the City of Smelterville, by L. Hodge, PE/LS #3003, and filed in 2007 under Instrument #438261, being the POINT OF BEGINNING of this covenant and agreement;

Thence along the easterly line of that certain parcel, being the westerly line of said "F" Street, S17°57'56"E, 12.83 feet;

Thence departing the easterly line of said certain parcel and departing said westerly line of "F" Street, S50°53'21"W, 68.89 feet;

Thence S61°26'46"W, 158.79 feet;

Thence S73°22'05"W, 66.34 feet;

Thence N82°59'20"W, 154.68 feet, to the intersection with the northerly line of said certain parcel being the southerly line of said Hill Street as shown on said Record of Survey;

Thence along said northerly line, N72°02'04"E, 426.88 feet, to the POINT OF BEGINNING of this covenant and agreement.

The above described area contains 18,743 sq. ft., more or less.
